Aqualine Irrigation Hose

Product description and applications:

Aqualine is a new generation irrigation hose for travelling irrigators and booms, and is ideally suited for:

- Long distance water transportation
- Mining and offshore work
- High Pressure Dewatering under extreme conditions

Benefits and cost saving features:

- Jacket of warp and weft high tenacity Polyester filament yarn
- Integrated inner and outer coating of PVC/ Nitrile
- Standard lengths 100 or 110 meters
- Low coil volume for easy handling
- UV stabilized

Aqualine Irrigation Hose
